Entry Level Writing Requirement (ELWR)

Writing Placement 2020 replaces the Analytical Writing Placement Exam (AWPE) and the ELPE (English Language Placement Exam) for the 2020-2021 academic year and is the only opportunity for Entry Level Writing Requirement (ELWR) fulfillment outside of coursework. Students can only complete Writing Placement 2020 once.

<td>UWP 7M has the same learning outcomes as UWP 7 and also counts for graduation units. This course is best if you want a bit more support related to English language and vocabulary.</td>
<td>UWP 7 is best if you would like a class that counts for graduation units but don’t feel ready to take an accelerated course.</td>
<td>There are 3 courses in this option: UWP 1A, ENL 3A, and NAS 5A. These 2-unit courses are taken in the same quarter as a 4-unit parent course (UWP 1, ENL 3, NAS 5), so you need to take 6 units of writing at once.</td>

<td>WLD 57 offers 4.5 workload units rather than graduation units. This might be right if you’d rather not count this class toward your GPA.</td>
